

CATARACT STEEL INDUSTRIES

CNC MACHINING AND WELDING FABRICATION DIVISION

We boast a variety of machines to tackle your design needs.

King (Vertical Boring Mill) – 62" table

Cincinatti Lathe – 26" swing

Bergonzi CNC – 56"W x 60"L table

Bergonzi CNC – 55"W x 67"L table

Haas CNC – 36"W x 64"L table

RTM CNC – 30"W x 60"L table

Atrump CNC – 52"W x 26"L table

Dahlia CNC – 102"W x 35"L table

Monarch CNC – 117"W x 30"L table

Stanko CNC – 154"W x 44"L table

Plate Shear – 12' x 1/2" capacity

Press Brake – 750 TON / 14'

Mig / Tig Welding Machines

150,000 Sq. Ft. of Manufacturing Space

25 TON Overhead Crane Capacity

Hydraulic Plate Bending Rolls

SERVICES WE PROVIDE – Project Management – Design / Engineering – Fabrication
– Forming / Press Brake – Welding – Machining

We run all materials to include galvanized, carbon steel, stainless steel, and brass.
